

03/13/2020

As the novel coronavirus (COVID-19) continues to spread in the U.S. and across the globe, KCAS wants you to know what we are doing to respond to this public health emergency. KCAS' number one priority is the safety and well-being of our people, visitors, and their families.

As such, we are still open to visitors, but will be doing our part to help ensure we prevent the spread of COVID-19 and to reduce the risk of exposure to our staff and other visitors. When you arrive, all visitors to our facilities will be required to fill out a simple questionnaire. Additionally, ***all visitors will be asked to administer their temperatures and confirm this temperature***, then respond to several self-declarations prior to being admitted to the KCAS facilities.

We would like to thank you in advance for your cooperation. Your participation as a visitor to KCAS is important to help us take the precautionary measures necessary to protect you and everyone in our building.
